OpenAI

Projects

Project Jarvis

July 2025

Skills: OpenAI · Amazon ECS · Docker · Python · FastAPI · Uvicorn

Built a Python tool to process bank deposit slips using OpenAI OCR, export summaries as CSV, and deployed it on AWS ECR/ECS Fargate. Gained hands-on experience with Python, OCR, and cloud deployment.

NutriQuest

Apr 2025 - May 2025

Skills: Flutter · Dart · AWS S3 · Hive · Cloud Firestore · Firebase · OpenAI · NodeJS

A mobile app that generates weekly meal plans for your kids based on ingredients at home, with fun food creative ideas, stories, and games to enjoy together.

Office of the Special Envoy on Transnational Crime Website

Sep 2024 - Present

Skills: Skills: WordPress · WAMP · Amazon EC2 · Amazon Route 53 · AWS Certificate Manager (ACM) · AWS Load Balancer

Developed a responsive and user-friendly government website aligned with GWTD standards, featuring fast loading times, intuitive navigation, consistent design, and clear presentation of information.

DEV Portfolio

Sep 2024 - Present

Skills: CSS · Bootstrap · jQuery · JavaScript · Amazon S3 · GitHub · Amazon CloudFront · Amazon Route 53

Developed a responsive and user-friendly government website aligned with GWTD standards, featuring fast loading times, intuitive navigation, consistent design, and clear presentation of information.

PhilBarPro Inventory Management System

Jan 2024 - Feb 2024

Skills: C# · MSSQL

Developed an inventory and order management system for Phil Barpro, enabling product, customer, and order management, automated stock updates, price list emails, and invoice generation.

LogiTrack (POC)

November 2023 - Jan 2024

Skills: Flutter · Dart · Firebase · Google Maps API

Developed a Logistics Platform for Delivery Driver Tracking Enabled real-time GPS tracking, route monitoring, and notifications for delays or unscheduled stops to ensure timely deliveries.

Blue Jade Clinic Medical System

Apr 2020 - Jun 2020

Skills: Java · OpenCV · WAMP

Developed a Medical Facility Management System for Blue Jade Clinic, streamlining patient check-ins, doctor consultations, lab test management, and prescription issuance.
